DETAILED ACTION

Claims 1-5, 7-10, and 17-21 are pending in the instant application.

Amendments

The amendment filed September 06, 2007 is deemed to put the case in condition for allowance and the amendment is entered into the record with this action.

Withdrawal of Finality

As the reply of September 06, 2007 has placed the case in condition for allowance and the current 35 U.S.C. 103(a) rejection is overcome by attorney's arguments, the finality of the action of June 12, 2007 is withdrawn and prosecution is currently reopened.

• Previous Claim Rejections - 35 USC § 103

Claims 1-5 and 9-10 were rejected in the previous action under 35 U.S.C. 103(a) as being unpatentable over Choi-Sledeski et al. (WO 99/62904 A1) in view of Patani et al. (*Chem Rev.* 1996, 3147-3176) and In re Wood (199 USPQ 137).

Applicant's traversal on the grounds that Choi-Sledeski et al. teach away from the instant linker is found to be persuasive and the rejection is withdrawn.

Rejoinder

Claims 1-5 and 7-10 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 17-21, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Art Unit: 1626

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on October 02, 2006 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Laurelee A. Duncan on September 24, 2007.

The application has been amended as follows:

In claim 10, line 1, delete "claims 1-9." and insert ---claim 1.---

Conclusion

Claims 1-5, 7-10, and 17-21 are allowed.
